A LETTER *from* THE PRESIDENT *and* CEO

DEAR DONORS AND FRIENDS,

When we think of all of the things that make a healthcare system great, we often think of sophisticated technology, modern facilities and nationally renowned physicians. These things are important, and I am proud that GBMC can boast all three, but what truly makes our independent community healthcare system outstanding is our community and I count *our community of donors* among the most important attributes for the success of GBMC.

Your generosity and belief in our system have allowed us to invest in our people and our systems to raise us to a higher level of performance. And the results have been impressive.

In the hospital, our in-patient units and departments have made significant strides in creating and improving processes that meet our four aims: Better health, and Better care, with Less waste and More joy for those providing the care. The average ED patient now waits 90 fewer minutes to get to an inpatient bed. We continue to reduce the number of serious safety events and won't stop until we get to zero, and we are on our way.

In our primary care network, we opened an innovative and beautiful new space for Family Care Associates (FCA). Designed to deliver better care at lower cost, this modern facility eliminates the patient waiting room, offers expanded hours and diagnostic testing on-site for greater access and convenience. All of the design elements at FCA work to deliver true care coordination as seen through the eyes of the patient.

As a system priority, we embarked on a major population health initiative to improve diabetes care. We also developed the *Support Our Elders Program* to fill a critical gap in the current system that does not address the health needs of frail elders and patients with advanced disease. If it was my loved one, I would want her primary care physician to be pro-active in managing her diabetes, or ensuring she received the right medical care at the right time and end the frustrating cycle of emergency room visits and hospitalizations.

We are doing all of this work not only because it is based on new models of care but also because it is the right thing to do to best serve the health needs of our patients and our community. Have you made a difference through your support to GBMC? The answer is a resounding YES — other organizations talk about patient-centered care, thanks to you, GBMC is delivering it.

In June 2015, I will celebrate my 5th anniversary as President and CEO. Every day I am humbled by the generosity and kindness towards our organization shown by our donors and friends. I am truly grateful to be serving this community and for our wonderful donors. On behalf of the entire GBMC family, thank you.

Sincerely,

John B. Chessare, M.D.
President and CEO, GBMC HealthCare System

A LETTER *from* THE CHAIR

DEAR DONORS,

There's never been a more exciting time to be a part of GBMC HealthCare.

In 2014, we embarked on a yearlong celebration of our 50th anniversary, which will culminate with a 50th Anniversary Gala on October 2, 2015. In honor of this milestone, we have also set an historical goal of raising \$50 million to invest in the next 50 years of GBMC HealthCare. We are at 80 percent of our goal, or \$42 million, of generous giving.

Significant gifts made in 2014 toward that \$50 million goal impacted patient services throughout the GBMC system of care: a new home for the Family Care Associates, which is a national model for every doctor's office; our first Departmental Endowed Chair: the Wilkinson-Welch-Hoover Chair in Ophthalmology, which will sustain our legacy of exceptional medical care in the diagnosis and treatment of eye disease; and additional major gifts to advance vital work in oncology, emergency medicine and pediatrics.

Every gift made in 2014, large and small, truly made a difference in patient care. Thanks to outstanding community and corporate participation, we broke all records on dollars raised for our 2014 events including the Golf Classic, the Father's Day 5K and the Legacy Chase at Shawan Downs. Funds from these events helped patients and families in the neonatal intensive care unit, helped individuals who turned to oncology support services, provided free health classes out in the community and underwrote continuing education for GBMC medical staff.

This would not have been possible without the tremendous support of so many people who are passionate about GBMC. This is whom we recognize in the 2014 Foundation Annual Report. The theme, *Celebrating What Makes GBMC Great*, honors first and foremost our donors.

Through your generous gifts, you have created and sustained a system of care that will always put the patient first.

You have ensured that GBMC is well positioned to provide world-class medicine in a truly coordinated system of care.

The balance of this year is extremely important toward achieving this ambitious goal, and we are urging the entire GBMC community to keep up the fine work you are doing. You are making great things at GBMC possible.

The GBMC HealthCare Board and the GBMC Philanthropy Committee wish to thank you for your selfless giving of your time, resources and efforts. We look forward to celebrating our 50th Anniversary and another historic year for the outstanding healthcare system that we have at GBMC.

Sincerely,

Samuel Heffner
Philanthropy Committee Chair

50th ANNIVERSARY
GOAL – **50 Million**
DOLLARS

TO DATE* – **\$42,924,610.00**
*As of April 15, 2015

CELEBRATING WHAT MAKES GBMC GREAT

Our Donors

October 2015 marks GBMC HealthCare's 50th Anniversary and the health system has been gearing up for the historic milestone since April 2014 with celebrations and reflections on a rich and diverse history of providing the highest-quality medical care to generations of families and individuals over the past five decades. The 18-month long celebration will highlight the outstanding accomplishments and growth of the medical center and recognize the many dedicated physicians, nurses, employees, volunteers and donors who have made a significant difference in delivering the care everyone would want for their own loved ones.

2014 was a busy year for the healthcare system, from marking 20 years of exceptional end-of-life care at Gilchrist Hospice Care and the opening of GBMC's new patient-centered medical home office for Family Care Associates to beginning the celebrations for GBMC's 50th Anniversary.

GBMC officially kicked off its 50th Anniversary with an event honoring its 50th Anniversary Founders Cabinet on April 9, 2014. The Founders Cabinet is a select group of more than 180 influential individuals who have been dedicated to the success, growth and service of GBMC over the past 50 years. These members serve as GBMC ambassadors, promoting and educating colleagues and the community-at-

large about GBMC's 50th Anniversary and assisting with the planning and implementation of the many upcoming anniversary celebration events.

Continuing the tradition of honoring those who have made special contributions to the hospital and its patients over the past five decades, GBMC announced its inaugural *Physician Titans of Care*, recognizing 50 physicians for their vital contributions to GBMC, its patients and to their respective fields of medicine. In their

"This 50th anniversary celebration allows us to reflect on our past and look forward to our future, while paying tribute to the many dedicated leaders, volunteers, physicians, nurses, employees and donors who have helped bring GBMC to where we are today."

— JOHN B. CHESSARE, MD, PRESIDENT AND CEO OF GBMC HEALTHCARE INC.

own ways, each physician honored as a *Titan* has changed the landscape of medicine and improved patient care and outcomes along the way.

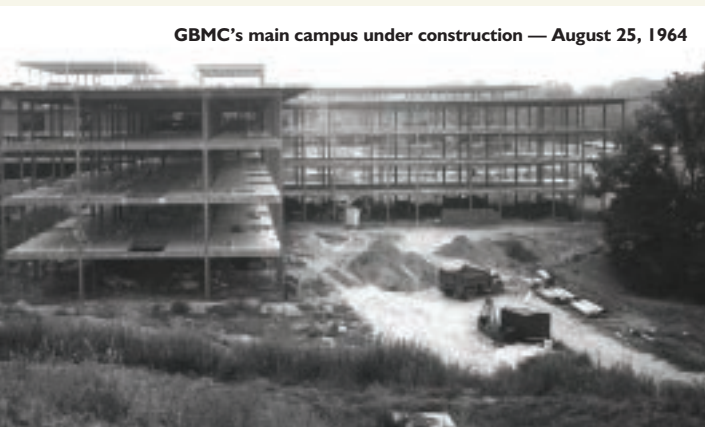

Then, on October 2, 2014, GBMC celebrated its 49th birthday with a festive party complete with cake. This special event began the official countdown to GBMC's true 50th birthday, which will culminate with the 50th Anniversary Gala on October 2, 2015, marking 50 years to the day since GBMC HealthCare Inc. opened its doors to care for the health needs of the community.

"This 50th Anniversary celebration allows us to reflect on our past and look forward to

our future, while paying tribute to the many dedicated leaders, volunteers, physicians, nurses, employees and donors who have helped bring GBMC to where we are today," said John B. Chessare, MD,

CELEBRATING WHAT MAKES GBMC GREAT: OUR FOUNDERS

A great deal has changed since GBMC HealthCare first opened its doors 50 years ago. From a small community hospital to a healthcare system that has more than 60 specialties, GBMC has provided exceptional care to generations of families and patients and has become a vital community fixture. To mark the significant milestone, GBMC began its 18-month celebration for its 50th anniversary by convening a Founders Cabinet as part of the 50th Anniversary Commemoration and Celebration.

About the 50th Anniversary Founders Cabinet

The 50th Anniversary Founders Cabinet is a select group of more than 180 individuals who have been dedicated to the success, growth and service of GBMC over the years. The Cabinet brings together board members, physicians, donors, employees, volunteers and patients, and it represents the generations of GBMC's family who have helped shape the hospital's rich history and who continue to play a part in GBMC's bright future.

The members of the Founders Cabinet serve as GBMC ambassadors, educating their colleagues and the community about GBMC's mission, its core services and the impact GBMC has made in healthcare and in the lives of so many people over the past 50 years. Members of the Cabinet attend 50th anniversary events and functions on behalf of GBMC, and many members are also involved with various subcommittees including Marketing and Communications, Philanthropy and Community Outreach for the anniversary, which culminates with a Gala celebration to be held on October 2, 2015.

From left: Tracey Chessare, MD, John B. Chessare, MD, President and CEO, GBMC HealthCare, John Flowers, MD, Department Chair of Surgery and J. William Murray, GBMC Founders Cabinet member.

GBMC's 18-month long 50th anniversary celebration and the establishment of the Founders Cabinet serves as recognition and an expression of gratitude for the many dedicated individuals who have helped move the organization closer to achieving its vision: "To every patient, every time, we will provide the care that we would want for our own loved ones."

Learn more about GBMC's 50th anniversary celebration and the Founders Cabinet at gbmc50.com/.

CELEBRATING WHAT MAKES GBMC GREAT: OUR EMPLOYEES

The atmosphere was festive and the main lobby of GBMC was packed with 200 plus GBMC employees, board members and volunteers gathered to celebrate the 49th birthday of GBMC HealthCare on October 2, 2014. The party was unlike any other GBMC has ever had as it officially launched the countdown to GBMC HealthCare's 50th Anniversary, which will be on October 2, 2015.

As employees enjoyed birthday cake, there was great anticipation in the room as the names of GBMC's inaugural 50 Physician Titans of Care were unveiled by GBMC's President and CEO, John Chessare, MD and Bonnie Stein, chair GBMC HealthCare board. This prestigious group of physicians played a pivotal role in shaping GBMC as a leading healthcare provider throughout the region over the decades. Many of the Titans were present at the 49th birthday party and proudly stood with family members, friends and colleagues as they were recognized for their vast contributions to GBMC and the generations of families and patients who benefitted from their exceptional care.

Following the unveiling of the Physician Titans of Care, GBMC leaders kept the party going by announcing "50 Fun Things for Employees," a special recognition program for hospital staff that launched in January 2015. The special program serves to generate further excitement and pride surrounding GBMC's 50th anniversary by involving all employees in fun and commemorative events throughout the year including hot chocolate and ice cream socials, 1960's day and

From left: Chaplain Joe Hart, Martha Klima, President, GBMC Volunteer Auxillary, Rodica Johnson, Karleen Lombard and Genie Price

happy hat day. Birthday cake was then delivered to the inpatient units and departments throughout the hospital to share the festive event with staff throughout the hospital.

Follow GBMC's 50th Anniversary celebrations, photos and special recognitions throughout the year on the GBMC Facebook page — facebook.com/gbmcmedia, and learn more about the 50th anniversary at gbmc50.com/.

CELEBRATING WHAT MAKES GBMC GREAT: OUR PHYSICIANS

As part of the hospital's 50th anniversary celebration kick-off in 2014, GBMC announced its inaugural *Physician Titans of Care*, recognizing 50 physicians for their vital contributions to GBMC, the patients and to their respective fields of medicine. The names of the 50 inaugural *Physician Titans of Care* were unveiled at GBMC's 49th birthday party on October 2, 2014 and they will also receive special recognition at the 50th Anniversary Gala on October 2, 2015.

Each physician honored as a *Titan* has changed the landscape of medicine. These current and past members of the medical staff have played a leading role in building and shaping the GBMC of today. These physicians have been pioneers in their fields, introducing groundbreaking advances in medicine and technology and establishing the many "best in the field" specialty programs and services that make GBMC one of the leading community healthcare systems in the region today. They are symbolic of the great medical staff that has made GBMC exceptional starting in 1965 and through today

"Our 50th anniversary gives us a wonderful opportunity to recognize these physicians and thank them for bringing their outstanding contributions to the field of medicine right to GBMC," said John Chessare, MD, GBMC's President and CEO.

As part of the anniversary celebration, each Titan has been profiled on the 50th anniversary website, chronicling the diverse history of

The inaugural Physician Titans of Care

GBMC, as well as the incredible impact the physicians have had on the growth and success of the organization over the past 50 years. This inaugural list of physician Titans will also have the honor of selecting additional nominees to be part of this prestigious group in the years to come.

Read all of the Physician Titans of Care profiles on the 50th anniversary website: gbmc50.com/.

GIFTS IN TRIBUTE can be made to memorialize or honor loved ones, friends and healthcare professionals who have touched your life in a meaningful way. By expressing gratitude for acts of compassion and caring, the return to health or to remember someone who now lives on in your thoughts and prayers, these gifts help many patients continue to receive the most advanced medical care at GBMC.

CELEBRATING WHAT MAKES GBMC GREAT: GILCHRIST HOSPICE CARE

In 2014, Gilchrist Hospice Care celebrated 20 years of providing hospice and end-of-life services. Since accepting its first home care patient in 1994, Gilchrist has grown to become the largest hospice organization in Maryland. What began as an innovative vision of peaceful and compassionate end-of-life care by the late benefactor Jeanne “Jinny” Gilchrist Vance, is now Gilchrist Hospice Care, which, for the past two decades, has been providing compassionate care for more than 40,000 patients in Central Maryland as well as support for nearly 100,000 of their loved ones.

At a special 20th Anniversary Luncheon, Gilchrist’s founders were paid special tribute for their vision and leadership in establishing the foundation of hospice care in Baltimore County, the many services and programs for patients and their families and the compassionate care that has made Gilchrist the platinum standard for hospice care.

Those founders honored at the luncheon event included: Jeanne Gilchrist Vance, Gilchrist benefactor, who died in 2003; Regina Bodnar, RN, Clinical Director of Gilchrist; Gary I. Cohen, MD, founder and medical director of the Sandra and Malcolm Berman Cancer Institute at GBMC and current Gilchrist board member; L. Myrton Gaines, MD, 13-year hospice volunteer, Gilchrist Board member and staunch advocate of end-of-life care, who died in 2013; Pedie Killebrew, Director, Women’s Hospital Foundation and past member and chair of Gilchrist Board of Directors; Nancy Klueh, past president of the GBMC Volunteer Auxiliary; and a past Gilchrist board member and volunteer; Lori D. Mulligan, who lead the \$8.3 million capital campaign for what would become the Gilchrist Center; Constance Pitcher, one of the leaders of the \$8.3 million capital campaign, past current Gilchrist board member and past chair of Gilchrist Board of Directors and past co-chair of the Holly Ball; W. Anthony Riley, MD, founding medical director of Gilchrist and

Cathy Hamel presents Dr. W. Anthony Riley with a gift in gratitude for his service to Gilchrist Hospice Care.

medical director of Gilchrist Greater Living; and W. Lee Thomas, Ms. Vance’s legal advisor who helped implement the plan for what would become Gilchrist Hospice Care and the founding and current Treasurer and member of the Gilchrist Board of Directors.

Today and everyday, the extraordinary staff and volunteers of Gilchrist Hospice Care continue to provide the highest quality end of life care and services to all terminally ill patients throughout Central Maryland and also their families and loved ones.

Learn more about Gilchrist Hospice Care by visiting gilchristhospice.org.

CELEBRATING WHAT MAKES GBMC GREAT: OUR PRIMARY CARE PHYSICIANS AND A FAMILY FOUNDATION COMMITTED TO PATIENT CENTERED CARE

Thank You to the James and Jacqueline Stradtner Foundation

The redesign of the Family Care Associates (FCA) facility in Physicians Pavilion North, which opened in October 2014, epitomizes GBMC’s focus on patient-centered care and embraces the Patient Centered Medical Home (PCMH) model. The FCA office is the first of its kind on the GBMC campus and is the culmination of years of careful planning, design and innovation, all with a goal of providing coordinated and comprehensive healthcare services in one location.

The support and immense generosity of the James and Jacqueline Stradtner Foundation helped make the groundbreaking of the new FCA office possible for GBMC and the many patients who rely on the practice for exceptional healthcare. The Stradtner Foundation’s significant contribution to GBMC and Family Care Associates was honored at the Family Care Associates VIP Open House event held on December 3, 2014 where a special plaque in the practice’s new space was unveiled and dedicated to Jim and Jackie Stradtner.

Jim and Jackie Stradtner, who have strong ties to the hospital, have been involved with GBMC for many years. They turn to GBMC for their family’s healthcare. Jim serves on the GBMC Healthcare Board as well as various Board committees including the Credentials Committee and the Finance and Investments Committee while also chairing the GBMC Healthcare System Strategic Planning Committee.

“Welcome to the Next Patient Experience”

The new Family Care Associates office includes several unique features that make the delivery of care more seamless and

patient-focused. Gone are the days of long wait times in uncomfortable waiting areas. Patients are now greeted as they enter the office and immediately presented to a comfortable patient exam room. Diagnostic tests are performed right in the office and patient care is coordinated by established medical teams with care managers and coordinators working alongside physicians and medical assistants. The electronic medical record and the patient portal put a patient’s medical information at the care providers’ and the patients’ fingertips. Weekend and evening hours extend the ability to provide exceptional care when the patients need it. The beautiful new lobby area provides a comfortable space for individuals waiting for patients as well as a place to hold patient education and support groups at night and on weekends. The office and the patient rooms were designed with patient comfort and efficiency in mind, and the new space promotes collaboration and teamwork among the medical staff, resulting in more efficient and coordinated patient care and an exceptional patient experience.

GBMC FATHER'S DAY 5K

Sunday, June, 21, 2015
6:30 a.m. to 12:00 p.m.
GBMC campus (South Chapman Building)

Hundreds of local families come to support GBMC's lifesaving Neonatal Intensive Care unit at the annual 5K held on Father's Day. Now in its 27th year, the GBMC 5K brings together runners and walkers of all ages and abilities for a fun, family-orientated event on GBMC's beautiful Towson campus. The event benefits the NICU, and this year will feature a community health fair.

**Online registration can be completed at gbmc.org/5K.
Contact Krystina Lucido at 443-849-2407 or klucido@gbmc.org with questions.**

LEGACY CHASE

Saturday, September 26, 2015
10:00 a.m. to 6:00 p.m.
Shawan Downs

The Legacy Chase at Shawan Downs is one of Maryland's premier steeplechase events. Now in its 15th year, this annual tradition attracts more than 7,000 equestrian fans and families from throughout the region. Attendees enjoy six exciting steeplechases, and day-long children's activities including a Stick Pony Race and entertaining Kids' Area. Proceeds from the 2015 event will benefit GBMC cancer care. The event includes special activities for all cancer survivors, regardless of where they receive their care. No matter where someone is in their cancer journey, the theme for this year's event Ride On, holds a special meaning.

Tickets can be purchased online at www.gbmc.org/legacychase starting August 3. Contact Krystina Lucido at 443-849-2407 or klucido@gbmc.org with questions.

PERSPECTIVES IN MEDICINE LECTURE & DINNER

Wednesday, October 14, 2015
Wednesday, November 18, 2015
5:45 p.m. to 8:00 p.m.
GBMC Civiletti Conference Center, Physician's Pavilion East

The Deane C. Laycock Perspectives in Medicine is a series of dinner and lectures for the general public. Topics vary but there is always time for questions and discussions.

Call Krystina Lucido at 443-849-2407 or email klucido@gbmc.org for more information and to register.
