## *A Letter From* THE PRESIDENT AND CEO

### DEAR DONORS AND FRIENDS,

2015 was quite a year for GBMC. Not only did we celebrate 50 years of serving our community, but we also had the opportunity to reconnect with old friends, former colleagues, inspiring leaders, and members of the community who have played key roles in shaping GBMC into the healthcare system of today. As we commemorated our 50th anniversary, I was continuously impressed and touched by the incredible support that we have from board members, donors, volunteers, physicians, staff, patients and families, whose lives were touched in some way by GBMC.

In the spirit of two of our several founders, Mrs. Elizabeth Duncan Yaggy and Mrs. Jeanne H. Baetjer, people feel a sense of ownership in GBMC, that GBMC is their hospital and health system — a true community resource. I've been amazed and inspired by the community's love for GBMC, Gilchrist, and all of our physicians and nurses through the stories people have shared about how we've been there for them in their time of need. I've heard stories about how patients drove past other hospitals just to be cared for at GBMC, and how physicians delight in being a part of the system of care we have built.

It's this passion and commitment by so many that has helped shape our history of exceptional care, service, innovation and philanthropy, and continues to advance our vision of providing the type of care we would want for our own loved ones.

Our goal has always been to put the patient first. Now, the GBMC HealthCare system is poised to become even better at providing the care we are known for to those in need — thanks to your support and the role you have played in writing our history, and our future. The past 50 years have certainly been an incredible journey. Thank you for being such an important part of the ride.

Sincerely,

A handwritten signature in black ink that reads "John B. Chessare MD". The signature is fluid and cursive.

John B. Chessare, M.D.

## A Letter From THE CHAIR

### DEAR DONORS,

There are two big lessons we can take away from our anniversary year in 2015. One is that those who support GBMC are family. They are dedicated and invested members of our community who truly love our healthcare system and are grateful for those who care for them and their families.

The second lesson is that it takes a strong community such as ours to weather the storm of healthcare. There have been many changes in our country over the last 50 years in healthcare, but GBMC has been able to thrive because we have had a family that has long been invested in what we are doing and believed in us.

During this 50th anniversary year, I was continually amazed and touched by our community's deep appreciation for and dedication to our healthcare system. Community members, patients, physicians, staff, volunteers, donors and leaders — both past and present — have sent a powerful message by supporting GBMC with both time and resources, demonstrating just how much GBMC has meant to generations.

This is the message I would like to carry into the future: Those who support GBMC are supporting excellence at GBMC HealthCare. You support a commitment to excellence and a commitment to compassionate care that will adapt in its delivery, but will not change in its mission. That is truly what makes GBMC a unique place to be — a place where we combine the best of research-based medicine and award-winning physicians and nurses with community-oriented, compassionate care that makes you feel valued and important.

But what does it really mean to support excellence at GBMC?

- It means you believe in quality care from a medical staff that makes you feel like you are in good hands
- It means you believe in investing in a community healthcare system that uses its money wisely and for resources that directly benefit the community it serves
- And it means you trust GBMC to take care of what matters most to you

All of these are promises we make to you when you make a donation. Because when you donate to GBMC, you become a part of our family. We appreciate your belief in us and feel it is our responsibility to achieve excellence.

So thank you for your gifts, thank you for your time and thank you for supporting excellence at GBMC HealthCare. Together, we will keep GBMC great for us now and our future.

Sincerely,

Samuel Heffner

## 50TH ANNIVERSARY GALA CELEBRATES GBMC'S PAST, PRESENT AND FUTURE

**THE ENERGY IN THE** Baltimore Convention Center was electric as more than 1,200 people filed in to celebrate Greater Baltimore Medical Center at its 50th Anniversary Gala on October 2, 2015.

The evening commemorated GBMC's history, its bright future and all of the individuals whose passionate work and deep commitment played a role in making GBMC the region's leading community healthcare system. Through photos, song, videos and laughter, the crowd was taken on a journey that chronicled five decades of GBMC's growth and mission of health, healing and hope.

Susan Eisenhower, granddaughter of President Dwight D. Eisenhower, kicked off the evening with reflection on the past 50 years. "Tonight, we will recognize our past with an exciting journey through our first five decades, and we will celebrate our future as we look forward to the next 50 years."

### REFLECTING BACK ON FIVE DECADES OF CARING FOR THE COMMUNITY

GBMC's journey unfolded as special guests, leaders, donors, patients and longtime GBMC family members brought those in attendance through the decades. Longtime GBMC supporters Allie Rose and Mary Mangione introduced GBMC's first decade of service and growth. Gala Planning Committee Co-Chairs, Delbert and Gina Adams, boogied onto the stage to introduce the achievements of the 1970s and early '80s where former President of the GBMC Board of Trustees, Sheila Riggs, joined them to reflect on the physician pioneers who saw GBMC through the era of rapid change and innovation. GBMC's inaugural Physician Titans of Care, a group of 50 physicians whose contributions to their fields of medicine and to GBMC have made an indelible mark on the delivery of healthcare, were also honored. These 50 doctors have been highly regarded locally and nationally for their clinical excellence and expertise. Many of these forward-thinking physicians have also been pivotal in establishing "best in the field" specialty programs or services that have garnered GBMC its reputation for high quality and innovative care.

Women's Hospital Foundation Board Member and Founding Member of Gilchrist Services, Pedie Killebrew, brought the crowd into the 1990s when Gilchrist Hospice Care first opened its doors. And dedicated GBMC supporter, Sandra Berman, introduced the milestones achieved in the 1990s in oncology, and spoke of the exceptional care her husband, Malcolm Berman, received at GBMC's Cancer Center.

With a look back at the most recent decade, former GBMC HealthCare Board Chair, Barbara Lucas, and former Co-chair of the Parent's Advisory Council and Supporter, Gina Keelty, highlighted the leaps in services, technology and programs at GBMC in the 2000s and the present day.

GBMC's President & CEO, John B. Chessare, MD speaking at the 50th Anniversary Gala on October 2, 2015.

### A SPECIAL 'THANK YOU' TO VOLUNTEERS AND DONORS

Following an elegant dinner, Chair of GBMC's 50th Anniversary Executive Planning Committee and Chair of GBMC HealthCare's Board of Directors, Bonnie Stein, paid tribute to GBMC's volunteers and their many valuable contributions to GBMC over the past 50 years. Ms. Stein also recognized all GBMC donors and the 1965 Society, donors who have given more than \$1 million over their lifetime.

"None of us would be here this evening, if it weren't for donors," remarked Ms. Stein. "No matter what changes these past five decades have brought, you have been there to help GBMC navigate them and come out stronger. You are the reason we are here today. Thank you for your time, talent, and treasure."

### LOOKING TOWARD A BRIGHT FUTURE

GBMC's President and CEO, John B. Chessare, MD, ended the stellar event on a high note with the announcement of a \$5 million gift from the Kahlert Foundation and the surpassing of the \$50 million mark for the 50th anniversary fundraising effort. He concluded the evening by saying:

"For 50 years, our people — physicians, nurses and our staff — have been committed to bettering patients' lives by working to keep them well and healing them when they are sick...But the GBMC family is bigger than just the staff members. GBMC was created by members of the community — volunteers who gave of their time and resources because they saw a need..." Dr. Chessare continued, "So to all of the GBMC family, let me say it is your commitment, dedication and hard work that has transformed a Towson hillside into a mecca of compassion, caring and healing. You are the heart and soul of the GBMC HealthCare System."

**BECAUSE OF OUR "LIFESAVERS"**

**GBMC Continued 50th Anniversary Celebrations with Festive Employee and Volunteer BBQ**

The anniversary celebrations continued with the 50th Anniversary Appreciation BBQ on July 15, 2015, recognizing 50 years of caring and compassion by the GBMC staff and volunteers. Rain gave way to sunshine and a day filled with fun, food, festivities and camaraderie. The GBMC Philanthropy department, along with the GBMC Marketing team, organized the day's events around the theme of "Because of our Lifesavers" to recognize the life-saving work and the commitment of employees and volunteers to the vision and mission of GBMC. The event was a great opportunity for staff and volunteers alike to leave their work behind, if only for a few moments, to revel in being a part of the GBMC family.

The summer day began with the delivery of breakfast sandwiches thanks to a generous contribution from The Corner Bakery for all night shift workers, and continued with the BBQ on the GBMC campus in the afternoon where all staff and volunteers were treated to delicious food from Bill's Seafood as well as grilled hotdogs, burgers, salads and snowballs. Employees posed for selfies at the pirate ship backdrop and in the photo booth, showed off their vocal talents at the karaoke station and played games of corn hole with colleagues on the lawn. Raffle prizes and giveaways added to the day's fun activities.

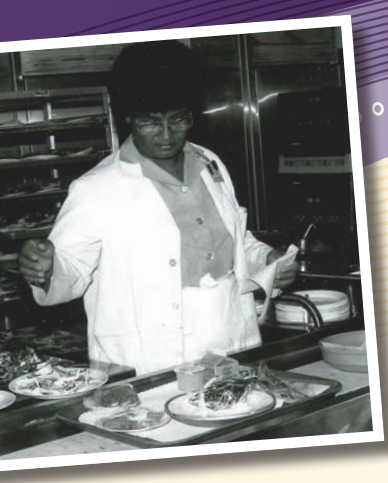

To ensure that all employees were part of the appreciation event, special BBQ-themed lunches were delivered to 550 off-site staff members at Greater Baltimore Medical Associates practices, Greater Baltimore Health Alliance offices and Gilchrist Services. In addition,

gift cards for The Corner Bakery were sent to home-based Gilchrist employees to enjoy lunch as well.

John Chessare, MD, President and CEO of GBMC HealthCare, said that this appreciation event was a great way to celebrate all we have achieved as the GBMC family. "There's no doubt that the work of healthcare is hard. We spend so much time working to achieve our vision, to provide the care to everyone, every time that we would want for our own loved ones, that we sometimes forget the importance of stepping back for a moment to reflect on and to celebrate what we have achieved together as the GBMC team."

*“As a volunteer, I work in the Emergency Department as well as on Unit 48 with “my girls,” as I like to refer to the nurses there. I view all of them as my children. I am truly grateful for the love and kindness that I have received at GBMC”*

## BECAUSE OF LEADERSHIP

### Celebrating 50 years of service, innovation, philanthropy and leadership

As part of GBMC's 50th anniversary celebration, leaders of today and yesterday were honored at The Grand Lodge of Maryland on April 20, 2015 at a very special event: Because of Leadership: A Tribute to our Visionaries, Founders, Leaders and Benefactors. The event brought together individuals whose contributions to the growth of GBMC since the merger of the Presbyterian Eye, Ear and Throat Charity Hospital and the Hospital for the Women of Maryland, of Baltimore City paved the way for the opening of the region's leading community hospital. Because of this leadership, every area of GBMC has been touched by the hands, ideas, values and generosity of so many individuals who believed in creating an exceptional system of care for our community.

GBMC leaders of the past and present have always been passionate about delivering the very best healthcare, and the event highlighted the contributions of more than 100 individuals who never wavered from these important acts of leadership: service, innovation and philanthropy.

The evening brought together representatives from GBMC's founding organizations, as well as members of the Virginia Sherwood and Kroh Societies, current and present GBMC HealthCare and Gilchrist Board members, volunteers, members of the Philanthropy Committee, physicians, nursing leaders and many other people from the community who have played a significant role in the history of GBMC. Leaders from all aspects of GBMC's 50-year history reminisced about the beginning of a hospital and how far we have come as an integrated, independent system of community health.

From left: Delbert Adams, Bonnie Stein, Sam Heffner, Cal Ripken, Jr., John B. Chessare, MD, Frank Palmer, Heidi Kenny-Berman, Esq., Jerry Focas, Esq.

Nightly news anchor, Jamie Costello of ABC News 2 - WMAR-TV, served as the master of ceremonies, kicking off the evening's recognition and celebration of GBMC's leaders. Cal Ripken, Jr. also made a special guest appearance, addressing the crowd on the value and impact of leadership. Among the many highlights of the evening were the playing of the audio recording of the invocation given by Reverend Richard H. Baker at the dedication of the hospital in 1965, as well as a specially prepared video celebrating GBMC's founding that included the voices of Milton S. Eisenhower and his brother, President Dwight D. Eisenhower.

Every leader, past and present, has influenced different areas of GBMC at various times throughout its 50-year history. The Because of Leadership event paid tribute to those dedicated individuals who impacted GBMC's growth, service and success and who played a significant role in moving GBMC forward into the future of healthcare.

## Gifts In Tribute

can be made to memorialize or honor loved ones, friends and healthcare professionals who have touched your life in a meaningful way. By expressing gratitude for acts of compassion and caring, the return to health or to remember someone who now lives on in your thoughts and prayers, these gifts help many patients continue to receive the most advanced medical care at GBMC.

## BECAUSE OF NURSES

### Special recognition event honors GBMC nursing staff

Nurses are the heart of GBMC and the patient care provided by the expert hands of the highly skilled nursing staff over the past 50 years has been a central piece of GBMC's esteemed history. As part of the 50th anniversary celebration, GBMC's special nursing recognition event was held at The Valley Mansion on May 6, 2015, honoring nurses with 10 to more than 40 years of dedicated service to GBMC and its patients. More than 160 staff members enjoyed the evening, which also celebrated the Excellence in Nursing recognition by *Baltimore* magazine.

GBMC leadership, including John Chessare, MD, President and CEO of GBMC HealthCare system and Bonnie Stein, Chair of the GBMC HealthCare Board of Directors, led the event by highlighting the many ways nurses touch the lives of patients and contribute to the delivery of superior healthcare.

"Our nursing staff is a phenomenal group," said Dr. Chessare. "Nurses are at the bedside 24 hours a day, 365 days of the year. They deal with whatever problems come their way and are the face of our healthcare system. We in the GBMC HealthCare system are blessed to have phenomenal nurses in our inpatient units, in our operating suites, in our outpatient areas, in our physician practices and in our hospice."

In addition, a special social media campaign that asked members of the community to describe GBMC nurses in one word was captured in a "word cloud" that was presented to the nurses as a special gift. Some of the words community members and patients used to describe nurses in the Facebook campaign included: wonderful, caring, good-hearted, heroes, angels, awesome and compassionate. This image served as a reminder that the work our nurses do every day touches so many individuals in so many ways.

### Giving Back To Our Nursing Staff in 2015

Nurses play a major role in everything from bedside care to leadership and education at GBMC. In fact, many patients and families have donated through GBMC's Gifts of Gratitude giving program because of a nurse who greatly impacted their care.

Jeanne H. Baetjer, one of the founders of GBMC, was a staunch supporter of nursing and was instrumental in creating the H. Norman Baetjer Jr. and Jeanne H. Baetjer Center for Nursing Excellence in 2003, promoting lifelong learning and quality patient care. Maintaining an exceptional nursing program at GBMC is critical for the future of our healthcare system. In 2015, many donors recognized nurses through contributions to the Baetjer Center for Nursing Excellence Endowment Fund. This fund provides nurses with the opportunity to pursue continuing education and leadership development programs. In 2015, more than \$50,000 was awarded to nurses at GBMC for continuing education.
